Good Health
Doubles the Value
of Your Services

A half sick man is not
worth half pay. A man or
woman in poor health
makes a poor leader, a
poor sort of a parent.

The value of Peruna in
the home can scarcely be
estimated. It prevents
many of the common ail-
ments. It is an excellent
remedy for coughs, colds,
catarrh, grip, spring fever,
tired-out feeling.

Sit down and think it
over. See whether you can
afford to go on half sick.

Some people prefer Peruna
Tablets to the fluid Peruna.

ECONOMIC TOWN PLANNING.

In discussing the economic
phase of town planning it must
be kept in mind that this in-
cludes three factors, which may
be called the physical, economic,
and the social-economic, and the
three factors. By the first we
mean the efficiency resulting
from purely practical, material
causes; by the second, the effi-
ciency resulting from proper
provision for the social welfare of
the community; by the third, the
money value resulting from ar-
chitectural and landscape treat-
ment—Town Development Magazine.

FOUR DOCTORS DISAGREED

Pains Disappeared After Use
of Lydia E. Pinkham's
Vegetable Compound.

Wilmington, Del.—"I was suffering
from a terrible backache and pains in
my side, with bear-
ing down pains and
was very nervous.
I was always tired,
always drowsy,
never could get
enough sleep and
could not eat. I had
four doctors and
each told me some-
thing different. I
read of Lydia E.
Pinkham's Vegeta-
ble Compound and decided to try it. I
got good results and I now feel better
than I have felt for years and I am gain-
ing in weight. I can gladly recommend
it to all women."—Mrs. George W.
Sedgwick, 1011 West 4th Street, Wilmington,
Del.

Backache and bearing down pains
are danger signals which every woman
should heed. Remove the cause of these
aches and pains by taking Lydia E. Pink-
ham's Vegetable Compound, that good
old root and herb medicine. Thousands
of women have testified to its virtues.

For forty years it has been making
women strong, curing backache, ner-
vousness, ulceration and inflammation,
weakness, displacements, irregularity
and periodic pain.

If you want special advice write
